

## GOALS

A goal should be three things:

- Measurable
- Attainable
- Associated with a timeline

It is of utmost importance that you understand where you are going and why you are going there. Consider all of the reasons that led you to become a dedicated Rain Partner, and why you have a desire to expand your knowledge and skills pertaining to your business.

What does your future hold? And how will Rain improve that future? Do you wish to have more free time to spend with your family? Would you like your present income to be replaced or supplemented through your Rain Business? What is your “why”? Your “why” gives you eyes to see the future, thus enabling you to work in the present and build your business. It allows you to remain focused and motivated.
